

NICOLÁS AMOROSO

FULLSTACK DEVELOPER

ABOUT ME

I am a highly organized and efficient individual with outstanding time management skills. I am passionate about taking on new projects with meticulous planning, focusing on achieving goals in the shortest amount of time possible. My motivation lies in constantly learning new technologies to strengthen my skills.

EXPERIENCE

ABSTRACTA UPCAMP , MONTEVIDEO, URUGUAY

Unpaid Internship, Frontend Developer

March 2023 - June 2023

I actively worked on the development and migration of an existing digital bank from JavaScript to React.js. I collaborated closely with a team of frontend developers, using tools like Storybook to create and adapt components and functionalities. Additionally, I utilized agile methodologies, participating in daily stand-ups, sprints, and using tools like Trello and Slack to improve team communication and efficiency. I also shared technical knowledge and skills with my colleagues, and utilized React, Storybook, Tailwind CSS, DaisyUI, Git, and APIs in the project.

PROJECT

E-COMMERCE

jap.nicolasamoroso.me

I developed a responsive webpage for an e-commerce business, following the specifications provided by the "Jóvenes a Programar" course.
